DETAILED ACTION

Claim Rejections - 35 USC § 112

1. Claims 1-22 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Lines 13-14 of claim 1 are vague and indefinite because the phrase "sum data value" is used to refer to two different values or quantities. Furthermore in line 15 the phrase "the sum data value" lacks clear antecedent basis. In the last line of claim 1 and in line 2 of claim 3 "units" should be "unit". Claims 12 and 14 contain deficiencies similar to claims 1 and 3.

Allowable Subject Matter

2. Claims 1-22 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Specification

3. The lengthy specification has not been checked to the extent necessary to determine the presence of all possible minor errors. Applicant's cooperation is requested in correcting any errors of which applicant may become aware in the specification.

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
